State Performance Plan Indicator 7: Preschool Outcomes

This Indicator measures percent of preschool children aged 3 through 5 with IEPs who demonstrate improvement in three outcome areas:

- Positive social-emotional skills (including social relationships);
- Acquisition and use of knowledge and skills (including early language/communication and early literacy); and
- Use of appropriate behaviors to meet their needs.

Who are the students included in this indicator?

What is the data source?

How are results calculated?

Three horizontal light blue bars for text entry.
