CHECKING THE SHIPMENT OF TEST MATERIALS

As soon as each shipment of test materials arrives at the school or approved storage location, the principal should conduct an inventory to verify that all materials indicated on the shipping notice have been received. If the results of the inventory determine that some materials are missing from a shipment of secure test materials, please contact the Operations Group for assistance. **Shrink-wrapped secure test materials must *not* be opened until the day the test is scheduled to be administered.** Except for taking inventory, all test materials must be kept in a secure location.

If your school requires items that were not originally requested, please contact the Operations Group via e-mail to examrequest@nysed.gov. Under the direction of the Operations Group, schools should contact the official in charge of their regional center to arrange for pickup of test materials. [Information on regional centers](#)

- The official school representative picking up secure test materials must present to the regional center official a photo ID and a printed letter of authorization signed by the principal listing the materials to be picked up. This authorizing letter must be on school stationary.
- The school representative must countersign the authorization letter and leave it with the regional
