

The Office of Bilingual Education and World Languages
of the New York State Education Department
presents:

Preparing for Standard-Based Curriculum Planning

Copresenters: Dr. Lori Langade Ramirez, Dr. Janne O'Tool & Bill Heller

Date & Time: Thursday, May 19th, 2022, 4:00–5:00 p.m.

Maximum capacity: 950 attendees

1 hour of CTLE credit offered

The Office of Bilingual Education and World Languages (OBEWL) of the New York State Education Department (NYSED) presents this next workshop in its 2022 Professional Learning Series: Preparing for Standard-Based Curriculum Planning. This online workshop is offered free of charge for world language educators and administrators working and studying in New York State educational institutions.

Workshop description: Vertical and horizontal curriculum alignment is critical in helping learners make continuous growth in proficiency. Intentional sequencing of rich thematic units creates learning experiences that are relevant to learners' interests and appropriate to checkpoint proficiency targets. Vertical articulation spirals proficiency development and recycles and reinforces high-frequency vocabulary and grammatical structures. In this session, participants will examine templates to help analyze and sequence thematic units across the checkpoints. Presenters will also demonstrate tools that can be used to assess how well the curriculum addresses the revised NYS Learning Standards for World Languages, their embedded language functions, and NYS World Language themes and topics.

A recording of the workshop will be uploaded to the OBEWL website for on-demand viewing by those unable to attend virtually. Attendees of the online workshop will be provided with either a certificate of attendance or a CTLE certificate. Those unable to attend the workshop on May 19th may earn a certificate by viewing the recording of the workshop on the OBEWL website and answering at least seven out of ten questions correctly on a multiple-choice post-assessment. No registration is necessary to view the recording of the workshop.

Registration process: A maximum of 950 registrations will be accepted for this live workshop. Registration will close by May 17th; there will be no same-day registrations. Only pre-registered attendees will be admitted into the workshop. Requests will be processed on a first-come, first-served basis. Once the registration email address has been verified as being from a New York State school, college, or university, an email confirming their registration will be sent. Twenty-four hours prior to the event, all registered individuals will receive login instructions with the link to join the workshop.
